Digital Event Code of Conduct for Microsoft Health and Life Sciences:

Microsoft’s mission is to empower every person and every organization on the planet to achieve more. This includes all Microsoft events and gatherings, including on digital platforms, where we seek to create a respectful, friendly, fun and inclusive experience for all participants.

- We expect all digital event participants to uphold the principles of this Code of Conduct, which covers the main digital event and all related activities. We do not tolerate disruptive or disrespectful behavior, messages, images, or interactions by any party participant, in any form, at any aspect of the program including business and social activities, regardless of location.

- Microsoft will not tolerate harassment or discrimination based on age, ancestry, color, gender identity or expression, national origin, physical or mental disability, religion, sexual orientation, or any other characteristic protected by applicable local laws, regulations, and ordinances.

We encourage everyone to assist in creating a welcoming and safe environment.
Open-Source App Templates for Teams: Company Communicator & Teams Emergency Operations Center

Josh Leporati, Senior Product Manager, Teams Engineering
Inspire and Achieve More
Microsoft Teams App Templates

- **Pre-built Teams apps** for common line-of-business scenarios. Templates take popular scenarios and bring them into the flow of work, inside of Microsoft Teams.

- **Tenant-wide**: Give access to few, many or everyone.

- **Production ready**: Download and use, today. Easily customize app templates for your organization with simple changes.

- **Open sourced**: You can own, brand, configure and extend to your needs. Go further with your own developers or Microsoft Partners to build deeper capabilities.
