

# Native Visio<sup>®</sup> BPMN Exchange with Leading Process Engines

Turn Microsoft<sup>®</sup> Visio into design center for the digital enterprise

By using Enterprise Explorer, Microsoft<sup>®</sup> Visio emits executable process semantics fully compatible with official BPMN<sup>™</sup> 2.0 standard from OMG<sup>®</sup> supported by majority of leading business process management platforms.

Enterprise Explorer opens simple and productive journey for every Visio<sup>®</sup> user into the wide world of professional business process management (BPM) systems and process automation. Every user of Microsoft<sup>®</sup> Visio now can import BPM models created in dozens of professional BPM suites directly into Visio<sup>®</sup> and can export models created in Visio<sup>®</sup> for further execution on all compatible BPM platforms implementing BPMN<sup>™</sup> 2.0 standard.

Bring to life all of your Visio<sup>®</sup> models. Watch the processes you have modeled run and change your organization. Experience the new reality of business process automation through the familiar and friendly interface of Visio<sup>®</sup>.

BPMN 2.0<sup>™</sup>

Enterprise Explorer<sup>®</sup>

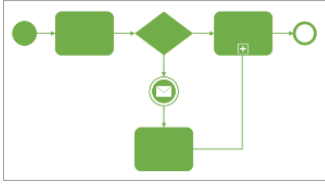

Microsoft Visio<sup>®</sup>

BPMN<sup>™</sup> is a popular standard for business process modeling maintained by OMG<sup>®</sup>. BPMN<sup>™</sup> models implement executable semantics that enable direct automation of business processes using many process engines.

Enterprise Explorer extends professional business process modeling on Microsoft<sup>®</sup> platforms with Method Composer<sup>™</sup>, Semantic Search<sup>™</sup>, Business Publisher<sup>™</sup> and Enterprise Reporting<sup>™</sup> across SharePoint<sup>®</sup> repositories.

Visio<sup>®</sup> is a widely known instrument for business diagramming and process modeling used by millions of Microsoft<sup>®</sup> Office users around the world for quick collaborative mapping of business processes in enterprises of all sizes.

Leverage your Visio® awareness on new level of enterprise automation

### Visio® BPMN 2.0 Modeling

Full support of BPMN 2.0 is among the prominent and widely acclaimed features of Microsoft® Visio 2016. The remarkable simplicity of process modeling, combined with strict compliance to BPMN™ 2.0 standard and built-in validation of diagrams, explains the popularity of Visio® process mapping among both BPM practitioners and regular office workers just beginning the journey into intriguing world of business processes and automation of a digital workplace. However, Visio® itself does not support exchange of BPMN diagrams with other tools. The new release of Enterprise Explorer removes these awkward limitations entirely. Users can draw BPMN models in standard Visio® Professional and then exchange them transparently with any other BPMN tool. No Visio® plugin is necessary to achieve this.

### OMG BPMN Model Interchange Working Group (BPMN MIWG)

Partial list of vendors supporting BPMN model interchange:

- Alfresco® Activiti Designer
- ARIS® Architect
- Bizagi® Modeler
- BOC® ADONIS
- Bonita® BPM
- Camunda® Modeler
- Eclipse® BPMN2 Modeler
- IBM BlueWorks® Live
- IBM® Process Designer
- ibo Prometheus®
- iGrafx® FlowCharter
- Intellior AG Aeneis®
- itp-Commerce® Process Modeler
- MID Innovator®
- Oracle® BPM Studio
- Signavio® Process Editor
- Sparx® Enterprise Architect
- Trisotech® BPMN Modeler
- Visual Paradigm®
- W4® BPMN+ Composer
- Yaoqiang® BPMN Editor

OBJECT MANAGEMENT GROUP

### BPMN IN ACTION - Meet and Greet

The Object Management Group (OMG) cordially invites Business Process Modeling practitioners and interested parties to attend this free innovative and informative meet and greet. Leading software vendors will demonstrate live the iterative elaboration and interchange of a BPMN model using their respective tools that implement the BPMN standard. Get answers to your BPMN questions in a relaxed social setting. This is the perfect opportunity to come and meet some of the creators and innovators supporting this most widely adopted business process standard.

DATE: **Monday, June 5, 2017**  
TIME: **5:00 pm - 7:30 pm**  
PLACE: **Radisson Blu Hotel  
47 Rue Du Fosse Aux Loups  
Brussels, B-1000**

### Vendors participating in the demo

BeePMN, BOC Group, Camunda, CaseAgile, itp commerce, Omny Link, Signavio, Trisotech, W4

*"Enterprise Explorer unites one of the world's largest communities, Microsoft® Office users, with cutting edge process automation changing the entire landscape of modern digital enterprises."*

**Dr. Boris G. Zinchenko, Chief Technology Officer, CaseAgile LLC**

### How we can help

CaseAgile LLC is Microsoft® partner with profound expertise in semantic interchange of business processes among versatile enterprise platforms.
