# Digital Event Code of Conduct for Microsoft Health and Life Sciences:

Microsoft's mission is to **empower every person and every organization on the planet to achieve more**. This includes all Microsoft events and gatherings, including on digital platforms, where we seek to create a respectful, friendly, fun and inclusive experience for all participants.

- We expect all digital event participants to uphold the principles of this Code of Conduct, which covers the main digital event and all related activities. We do not tolerate disruptive or disrespectful behavior, messages, images, or interactions by any party participant, in any form, at any aspect of the program including business and social activities, regardless of location.
- Microsoft will not tolerate harassment or discrimination based on age, ancestry, color, gender identity or expression, national origin, physical or mental disability, religion, sexual orientation, or any other characteristic protected by applicable local laws, regulations, and ordinances.

We encourage everyone to assist in creating a welcoming and safe environment.

# Microsoft Teams for Front-line Workers

Speaker:  
Andy Morris  
Microsoft Senior Customer Success Manager

# Empowering the frontline healthcare worker

# The pandemic has launched or accelerated several healthcare industry trends

Virtual health

Clinician burnout

Hybrid work

Overhead pressure

Data dispersal

Access gaps

# Worker well being affects Every. Single. Aim

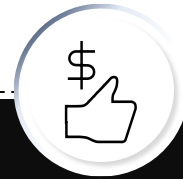

## Better Health

MD and RN exhaustion linked to increased ICU patient mortality  
Increased medical errors in surgeons

## Better Care

Decreased patient satisfaction

## Lower Cost

Increased turnover  
Decreased productivity

## Clinician Experience

Burnout is a serious occupational distress syndrome affecting patient care

## Health Equity

Increased implicit and explicit racial bias among trainees

“The moral distress of being unable to sufficiently care for their patients is among the worst hardships that health-care workers have been forced to endure.”

~The Atlantic

**Healthcare cannot  
accept this as normal**

Microsoft Viva: The employee experience platform

# Microsoft Teams for Front-line Workers

## Actions items:

- **Get Teams into the hand of ALL your workforce**
- **Configure experiences in Teams that improve worker well being**
- **Reach out to your CSM and Microsoft account team for help!**

# Microsoft Productivity Teams Summit – Dec 5th-9th

# THANK YOU!!!

Stay connected with the Health and Life Science Community Connection group by joining our Yammer community.

[HLS Community Connection Yammer Registration](#)

# Empower healthcare workers on the frontline with Microsoft 365

Facilitate collaboration among care teams and across your entire healthcare organization centralized all in one app to communicate the right information to the right people at the right time.

01

Connect and engage the healthcare workforce

02

Efficiently manage and motivate care teams

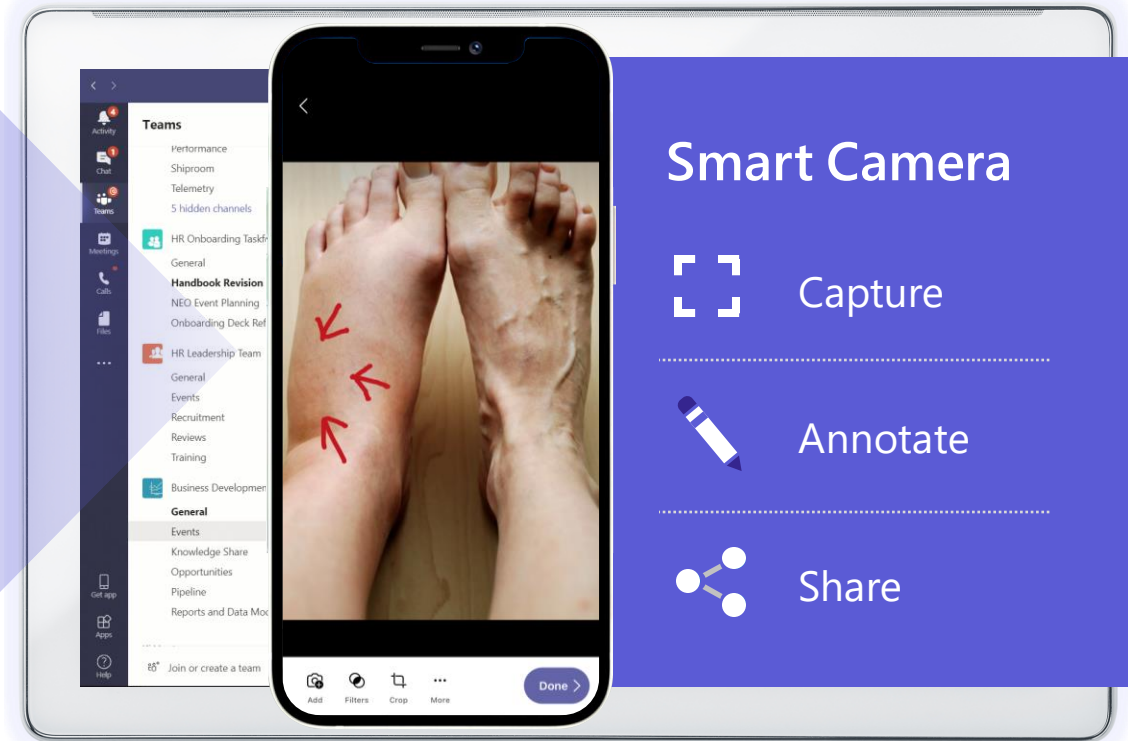

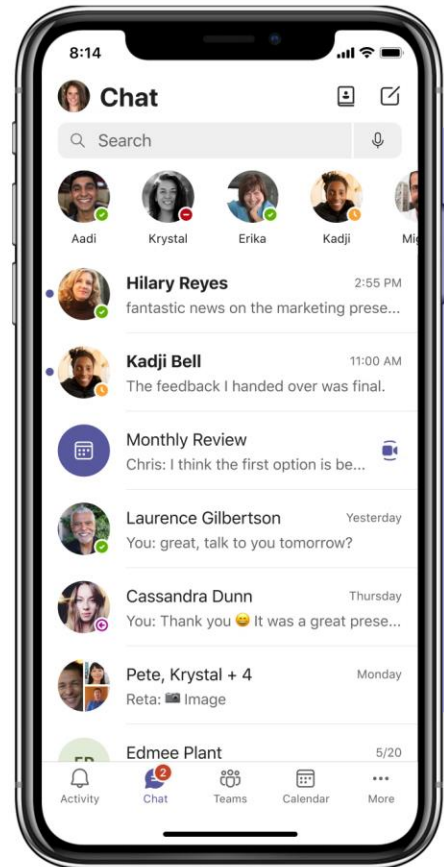

03

Adapt to a dynamic healthcare market

# Enable faster, easier, secure communication among care teams and healthcare professionals

Reach the right people.  
At the right time.

Centralize communications on a platform that supports text, images, audio, and video with priority notifications and message delegation

MICROSOFT TEAMS, SMART CAMERA

Connect and engage the  
healthcare workforce

# Keep critical, time-sensitive communications one-click away

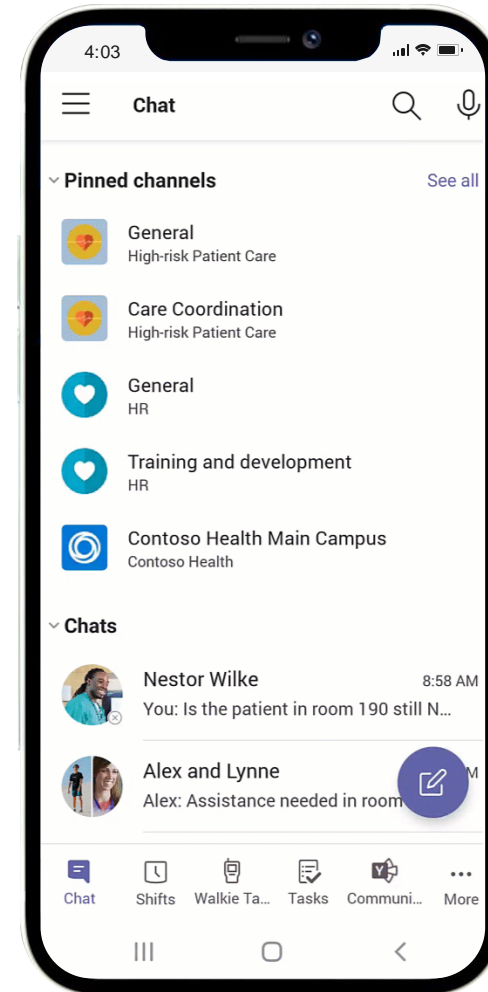

## Hands-free and heads up

Leverage seamless push-to-talk functionality to keep critical staff, like healthcare support workers, close at hand

## Secure and convenient

No crosstalk or eavesdropping from outsiders nor the limited range of radio as Walkie Talkie works over Wi-Fi and cellular data

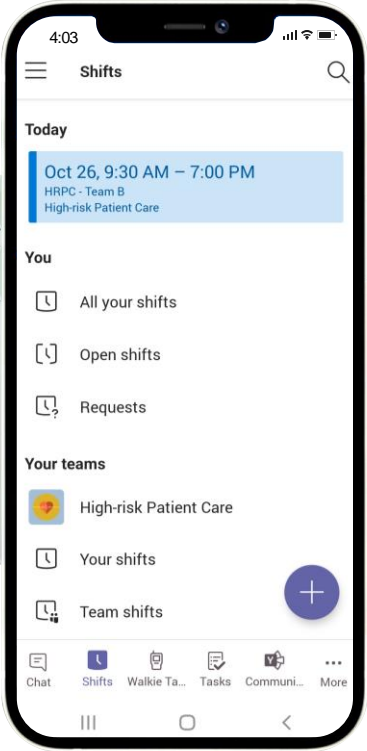

WALKIE TALKIE

Connect and engage the healthcare workforce

# Streamline schedule management and coordination

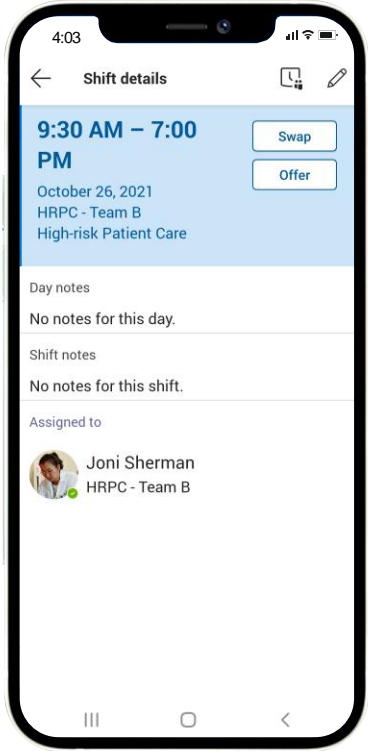

## Create team schedules with ease

Plan schedules from scratch or import from Excel or a partner application to deploy to your healthcare workforce both onsite and remote

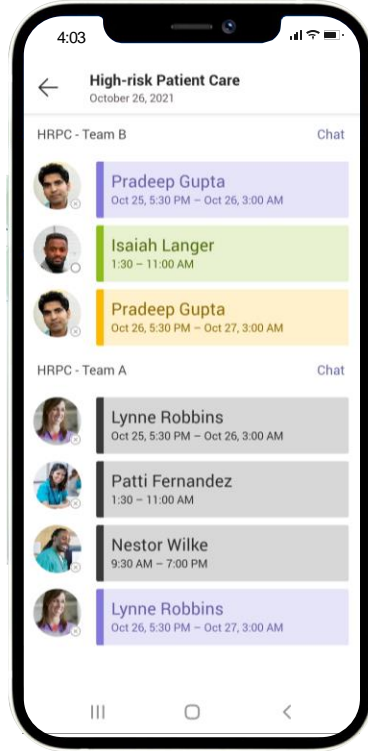

## Empower frontline workers to own their schedules with self-service tools

Visibility to see their schedule, swap shifts, and request time off

## Track time smarter

Enable hourly workers, like nurses and support staff, to clock in and out with location detection and digital tracking sheets to ensure accurate accounting

SHIFTS

Efficiently manage and motivate care teams

# Microsoft Teams is your virtual health platform

Streamline clinical workflows and comply with regulations, with multiple options for virtual visits

Which option will work best for you?

## Microsoft Bookings

Simple and cost-efficient virtual visit experience that integrates with Teams with scheduling and automatic reminders

## Microsoft Teams EHR connector

Microsoft first party solution to schedule and launch Teams virtual visits from the EHR. Generally available for Epic customers and in private preview for Cerner customers

## Teladoc Health Solo

In- and out-patient virtual care, with supportability, pathway to more advanced scenarios

## Azure Communication Services + Microsoft Teams

Interoperability between Azure Communication Services and Microsoft Teams provides a highly customizable solution with your own app integration

## Microsoft Cloud for Healthcare

Transform the healthcare journey with capabilities to enhance patient engagement, empower health team collaboration, improve health data insights, and protect health information

Microsoft Teams has a robust [healthcare partner ecosystem](#) that can help you implement many of these options. Use the [selection tool](#) for a recommend approach to virtual visits.
