

# Microsoft Learn Update

Training Services Partner

May 28<sup>th</sup>, 2024

Dear Training Services Partner,

We have some exciting upcoming updates to our Microsoft Learn Course Detail pages that will enhance the user experience.

***Please note that these changes below will not interrupt your ILT deliveries or reporting and data.***

- **Replacement of Modules:** Instead of modules being displayed on the Course Detail pages, learning paths will be displayed.
- **Single Learning Paths:** Any ILT courses that are composed of a single Learning Path (mostly our ILT Applied Skills) will have a Learning Path page instead of a Course Detail page.

This will improve the learning experience by providing Learners with easier navigation, and less components on the Course Detail page.

**These changes will be implemented before July.**

We appreciate your understanding and cooperation during this transition.
